Question of Levying Railway Cess in
Chitaldrug District.

After the proposal to construct a metre gauge railway between Chickjajur and Chitaldrug was sanctioned by the Government of India, the District Board of Chitaldrug were asked to finance the project locally. They represented that it was impossible to raise the necessary funds for a metre gauge line by floating debentures locally and that it may be possible to raise the funds for a narrow gauge line. They further stated that the entire outlay may be advanced as a loan by Government at 4% interest if the line had to be constructed on the metre gauge. In this connection the question of gauge was considered and the construction of a narrow gauge line has been approved by His Highness as being more suitable.

2 Meanwhile the District Board solicit sanction to levy with effect from 1915-16, railway cess at 6 pies in the rupee under section 20 (1) (a) of the Local
